

# Schuylkill Canal Association

**27<sup>th</sup> Canal Day, June 28, 2009**

## **Canal Vaulting**

Canal Vaulting was attempted for the third year in a row with very little success. Unfortunately due to the vault pole bending rather unexpectedly, the event had to be cancelled.

There were 8 participants who signed up to meet the challenge but upon the first attempt the pole was bent and was not able to continue from that point.

Stay tuned - a decision will be made in 2010 to determine whether the event will be held.
